Experience

Inventory Manager & SAP Analyst

2017 – Present

Marmul Falcon Trade & Cont. Co. LLC, Muscat, Oman (Head Office)

- Took the lead in improving inventory systems by introducing ABC analysis and other control methods, which helped reduce stock issues and gave better visibility across ongoing projects.
- Performed regular audits, optimized reorder levels, and monitored real-time stock movement through SAP ERP, enhancing supply chain responsiveness.
- Designed insightful dashboards and reports using Power BI, SQL, and Crystal Reports, empowering leadership with accurate, data-driven decision-making tools.
- Supported warehouse teams by training them on SAP workflows and helping them get used to digital tools, which led to smoother operations and fewer mistakes.
- Collaborated with site engineers and project managers to ensure timely, cost-effective material flow aligned with project requirements.
- Inventory accuracy using SAP-driven real-time tracking.

Warehouse Manager

2011 – 2017

Marmul Falcon Trade & Cont. Co. LLC, Muscat, Oman (Site-Based Role in Oil & Gas Field)

- Managed inventory for EPC contracts with **Daleel Petroleum Oman**, overseeing material receipt, inspection, and issuance for Oil & Gas field supplies.
 - Maintained Inventory Management System for tracking materials, verifying cost-center allocations, and ensuring client agreement compliance.
 - Generated invoices in line with blanket purchase agreements.
 - Performed HRMS administrative functions, including personnel records and timesheet.
 - Supervised IT requirements, including SQL server management and network connectivity.
-

Warehouse Coordinator

2014-2014

Medco Energi LLC (**PDO Warehouse**) – Sultanate of Oman (During Contract with Marmul Falcon)

- Conducted inventory audits, control slow-moving stock, and collaborated with the supply chain team for seamless operations.
